Erasmus+ Project

***«Boosting Environmental Protection and Energy
Efficient Buildings in Mediterranean Region»***

Induction event and Coordination meeting

University «Belkaïd Abou Bekr» of Tlemcen

Tlemcen, Algeria

***«Centre de télé-enseignement
Chetouane-Tlemcen»***

1st - 2nd September 2018

PROEMED Erasmus+ Project n° 573644-2016

The PROEMED project is promoted by the European Commission in the scheme of the Erasmus+ “Capacity Building in Higher Education” programme and purses the objective to design, establish and implement new Master study programmes on “*Environmental Protection and Energy Efficient Buildings*”, otherwise called *Sustainable Buildings*, in Algeria, Morocco and Tunisia Universities.

The results achieved until September 2018, to be validated during the Tlemcen meeting, regard:

- ✓ formalization of the venues and accreditation of the PROEMED Master study programmes,
- ✓ implementation of the curricular reform process by:
 - delivery of the new Master programs,
 - realization of new teaching aids material,
 - buying of equipment for the improvement of the didactical laboratories,
 - validation of the empowerment process undergone by the Algeria, Morocco and Tunisia Jr. teaching staff.

By these activities, an outstanding boosting to the harmonization of the academic approaches regarding Energy Efficiency in Buildings has been achieved.

The event has also induction aims for the official opening at Tlemcen of the first edition of the Master Course.

Furthermore, the coordination meeting for the project year 2017/2018 will be held.
